SUMMARY

I am a full-stack developer and open-source enthusiast with a love for clean code. Pair-programming and remote work aficionado. Skilled in multiple languages, frameworks, and technologies, capable of ramping up quickly and efficiently.

SKILLS

Front-End: JavaScript, TypeScript, Angular, HTML5, CSS3
Back-End: C#, .NET, SQL Server
Tools & Methods: Git, GitHub, Mobile/Responsive Development, TDD, Chrome Dev Tools
Professional: Remote Pair-Programming, Teamwork

EXPERIENCE

CRESSOFT CONSULTANCY   Remote   November 2022 – Present
Back End Developer, Full-time
In this position, I am working on an E-Commerce project that will provide me with experience in the business, including online payments, product storage, customer ordering processes, and login integration, such as enabling users to log in with their Google account.

APEX GAMES   Remote October 2022 – December 2022
Full Stack Web Developer, Full-time
In this position, I built the company's website, which gave me more experience in the steps of building a website and working with a team on a real project. Also, on the technical side, I gained more experience in ReactJS.

MICROVERSE   Remote   April 2022 – November 2022
Technical Support Engineer, Part-Time
In this position, I reviewed the code of Microverse students' projects to help them improve their coding experience and to help them create professional projects.

EDUCATION

MICROVERSE   September 2021 – April 2022
Remote Full Stack Web Development Program, Full-Time
- I spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developing skills in remote pair programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.

Information Technology Institute
Professional Web Development Diploma   October 2020 – October 2021
- Learned how to write code professionally and work with a team.
- Took soft skills, presentation skills, and English courses.
- I got first in the batch.

Assiut University
Degree in Computer Science with GPA 3.07   October 2015 – July 2019
- Took data structure and algorithm, Object-Oriented programming, and web development courses.
